

Track as much or as little information as you need.

The Strategic Asset Tracking System is a comprehensive and powerful barcode and RFID-based solution that enables you to:

- Easily tag and track asset movements;
- Take physical inventories; and
- See what's lost, missing, or moved.

Effectively track and manage the computers, equipment, and other fixed assets in your organization using this intuitive, affordable, and complete asset management system. For organizations with 500 or more fixed assets, Strategic Asset Tracking offers an ideal way to streamline your asset inventory processes using barcode and/or RFID technology.

Asset management software from Strategic will help you:

- Increase Accountability
- Meet Audit Requirements
- Minimize Insurance Costs
and Taxes
